Introduction

Thank you for considering our team for your full service electrical contractor. We appreciate this opportunity, and look forward to assisting you in your project. The following are some key points we'd like to share about our company.

- ✓ **Established & Experienced:** Founded in 1989 on the philosophy of providing superior electrical design, installation and service for residential and commercial applications.
- ✓ **Licensed & Insured** throughout the Washington, DC Metro Area.
- ✓ **You can count on us:** Our average employee tenure is over 7 years. Our excellent employee retention translates into dedicated managers and technicians for your project!
- ✓ **A crew you can trust:** All our employees receive comprehensive background screening prior to arriving on your project.
- ✓ **Uncompromised training:** All our Electrical Apprentices attend a Maryland State Certified Apprenticeship program fully sponsored by our company.
- ✓ **Proven Lutron Experience:** We are a factory trained, Gold Lutron dealer with over 15 years experience installing, programming and servicing Lutron whole home dimming and shading systems.
- ✓ **Lighting Design & Specification:** We offer experienced lighting design & specification service. Our lighting design is well beyond ink on the blue prints. We ensure you have the right lighting fixtures in the right locations specifically chosen for your applications.
- ✓ **Member:** Independent Electrical Contractor Association (IEC).
- ✓ **Member:** National Association of the Remodeler Industry (NARI).

As our business is primarily referral based, we strive for customer satisfaction. We welcome your questions and comments.

Sincerely,

The Team @ New Age Electric
